Simply, Brilliant

**Smart Light Switch** Model. LS006

Setting up your LifeSmart™ Smart Light Switch

User Guide Version 1.0

## PRODUCT INTRODUCTION

The LifeSmart™ Smart Light Switch replaces your normal switch with smart home technology to make your life easier. Combined with the LifeSmart™ Smart Station and the free LifeSmart™ APP, you have infinite control possibilities. In addition to traditional switch control of your lights and switched outlets, you can choose combination controls over all of your LifeSmart™ Smart Home products. With one button you can choose to turn on your television, stereo, air conditioner, space heater, and coffee maker individually or all at once, even across the house. Any LifeSmart™ smart device can be controlled, in addition to any non-smart product that is directly connected to your switch or a LifeSmart™ Smart Plug. And the best thing is that you can control this from your smart device from anywhere, anytime. Did you forget to turn off the coffee maker? Do you want to turn on the air conditioner or heater before you arrive home? Brilliant and simple, get ready to experience carefree smart home living that the whole family can enjoy.

## DETAILED SETUP

Your device requires a LifeSmart™ Smart Station and the LifeSmart™ App to operate. Please download the APP to your smart device and set up your Smart Station before proceeding. The APP is available by scanning the following QR Code or going directly to the Google Play Store or iOS App Store.

### ▶ Method 1

### ▶ Method 2

- ① Open the LifeSmart™ APP and initiate adding a device.
- ② Installation of the LightSmart™ Smart Light Switch involves high voltage and should be done by a professional electrician.
- ③ Cut off the power leading to the Smart Light Switch and confirm that the wiring is not charged.
- ④ Remove existing switch while keeping track of which wires lead to each switch.
- ⑤ Grasp the back of the switch firmly. Apply pressure to the back edge of switch face near the bottom to separate the front panel from the back.
